MercuryPay®

Fast, reliable and secure payments for your choice of payment processing solution

Get fast, reliable, and secure payment processing with MercuryPay®, Mercury's award-winning payment processing. With Mercury, you can accept the most common payment types and card brands, while enjoying reliable uptime, real time transaction viewing, same day or next day funding* capability and promotional payment options. Unlike other processors that lock you into a particular payment solution, Mercury processing is already built into your choice of POS system that best meets your needs. MercuryPay supports stand-in authorization to provide continuous transaction approvals, even if the authorization network fails.* MercuryPay helps you run your business the way you do business.

- Fast processing and payment funding
- Competitive rates
- Secure transactions
- High reliability
- Value-added promotional options to help grow business
- POS and device choice flexibility

Key Features

Accept Broad Payment Types and Card Brands:
- Payment Types: Credit, Debit, Check, EBT and FSA
- Card Brands: Visa, MasterCard, Discover, AMEX and JCB

Reliable Uptime: MercuryPay, with historically highly stability, supports reliable payment processing.

Live 24/7 US-Based Support: Our Mercury Support Team is here to answer calls and emails 24/7, including holidays.

Proactive Troubleshooting: Minimize processing problems with our customizable MercuryAlerts™ messaging service. We'll notify you of certain processing irregularities, to help you avoid or mitigate serious problems.

Stand-In Authorization™: Continuous processing if the authorization network goes down.*

Internet Backup: Our high speed internet backup solution automatically switches to dial-up processing if the internet disconnects.

MercuryView®: Mercury's online portal simplifies business management with real-time, customized, transaction reporting. Enhanced reporting features help you manage finances and streamline bookkeeping.
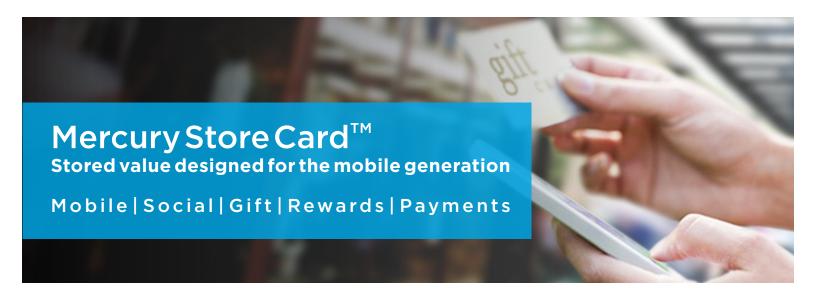

Add-on Features

Mercury VirtualTerminal: Web and mobile payment processing – avoid losing another sale when you are away from your business.

MercuryAnyware: A ready-to-use EMV solution – accept safe and convenient EMV payments (Only available in Canada.).

Accelerated Funding:* Same Day Funding and Next Day Funding capabilities, to get your money faster.

Mercury Store Card™

Stored value designed for the mobile generation

Mobile | Social | Gift | Rewards | Payments

The Mercury StoreCard™ is a better way to pay. Part gift card, part payment card, all convenience, the Mercury StoreCard allows your customers to earn rewards, give gifts, and pay with a smartphone or plastic card.

- **Rewards and more** - Create customer loyalty with cash back rewards. You determine the reward amount, and every time a customer uses their StoreCard at your business, they recieve cash back loaded directly onto their StoreCard.

- **Mobile payments made easy** – The Mercury StoreCard can be converted into a digital gift card and consumers can use their smartphone to pay for their purchases.

- **Streamlined checkout** – With auto reload, customers can always have funds available on their StoreCard, making payments fast and easy with a single swipe of their card or a quick scan from their smartphone.

The Mercury StoreCard transforms a traditional gift card service into an industry-leading stored value service. The StoreCard is a gift card, rewards card, and mobile payment card all wrapped up into one.

Gift Card Capabilities
- POS-integrated StoreCard processing
- Priced for the local merchant, no transaction fees when you process credit with Mercury

Beyond Gift Capabilities
- **Cash Back:** reward customers for every StoreCard purchase
- **Mobile Payment:** physical to mobile wallet StoreCard conversion
- **Reloadable:** manual or automatic reloading of card balance
- **Online registration:** cards can be reissued if lost or stolen
- **Card Studio:** mobile website for consumers to purchase personalized gift cards (physical & eGift)
- **Social Gifting:** allow your customers to share your StoreCard using social media (coming soon!)
